WWDS-005A	Building over or near to a public sewer		
Application form (please refer to the guidance notes before completing this form)			
Buildover reference			
1 Applicant's details			
Company/name	Contact	t name	
Company reg. no.	Signatu	ure	
Address			
	Postcoo	de	
Phone number			
Email			
2 Agent's details (if different from A)			
Agent's name (company name where appropriate)			
Address			
	Postcoo	de	
Phone number			
Email			
3 Site details			
Site address			
	Postcoo	de	
Site contact name			
Site agent's name and number			
4 Development details			
Type of development	☐ Side extension ☐ Rear extension		
	Other (please specify)		
Local authority area			
Have you applied for building regulations approval?			
If yes, please state the local authority/approved inspector reference number			
Local authority/approved inspector contact name			
Date of application/notice			

5 Other details			
Please confirm the type of public sewer to be built over/near:			
Foul Surface Combined Unknown			
Please confirm the size of sewer (if known)			
100mm			
Depth of any manholes indicated on the site plan (metres)			
Do you need to make a new connection to the public sewer?			
(If yes, a separate application will be necessary which can be downloaded from our website at www.wessexwater.co.uk/developerservices or can be sent to you on request).			
6 Fees			
 We have a set charge of £325 for all applications to build over or near to a public sewer. This covers: Administering and evaluating the proposal. Engineering consultation and/or site inspection if necessary. Liaison with Building Control or your Private Inspector. Formal approval. 			
If you are building over a public sewer, we will survey the pipe and complete any necessary remedial works before you proceed.			
Once we have received your application, you will be sent your application reference by email, allowing you to pay the application fee online or through your bank via BACS.			
7 Checklist and declaration			
Please ensure that you have included the following):			
☐ Drawings			
Has the sewer(s) been accurately located on site?			
Has the precise route of the sewer(s) been plotted on the submitted drawings?			
Declaration			
PLEASE NOTE			
Failure to include any of the above may be deemed as an incomplete application and result in the application being delayed/returned.			
By signing this application, you are not automatically granted approval. No works should start until full payment has been received and formal written approval has been granted.			
I confirm to the best of my knowledge the above information to be complete and correct.			
Signed			
Name in BLOCK CAPITALS
